With reliable and efficient Evergreen Machines and Evergreen Repair Parts manufactured to OEM specs, combined with factory trained and experienced Evergreen Technical Service you will achieve the “Lowest Cost to the Cooler” for your products.

Let trainer, Dennis Meagher, show you how to keep your Evergreen filler properly maintained for maximum performance and long life. Dennis' training schools include both classroom and hands-on training, and can be held at the Evergreen facility in Cedar Rapids, Iowa or at your own plant.

If you are interested in attending one of these schools or a school for a specific filler model, please contact Dennis at **800.331.6083 ext. 584**,

or at dennis.meagher@everpack.com.

If your immediate needs require on site training please feel free to contact me and I will be more than happy to prepare a quote for you. Remember, Evergreen wants to partner with you in improving your overall operational efficiencies. Having properly trained maintenance, and production, crews are a big step towards achieving that goal.
